THE HISTORY CHANNEL

- On Sept. 8, 1504, one of the world's most beloved works of art, "David," by Michelangelo Buonarroti, is unveiled to the public in Florence, Italy's Piazza della Signoria. It reportedly took 40 men four days to move the 17-foot-tall, 12,000-pound marble masterpiece 1/2 mile to the site.
- On Sept. 3, 1777, the American flag is flown in battle for the first time, during a Revolutionary War skirmish in Delaware. Patriot Gen. William Maxwell ordered the stars and stripes raised as a detachment of his infantry and cavalry met an advance guard of British and Hessian troops.
- On Sept. 7, 1813, the United States gets its nickname, Uncle Sam, when a newspaper picks up on the story of Samuel Wilson, a meat packer who supplied barrels of beef to the United States Army. Wilson stamped the barrels with "U.S." for United States, but soldiers began referring to the grub as "Uncle Sam's."
- On Sept. 6, 1847, writer Henry David Thoreau moves in with Ralph Waldo Emerson in Concord, Massachusetts, after living for two years in a shack he built himself on Walden Pond. In 1854, his collection of essays, "Walden, or Life in the Woods," was published.
- On Sept. 4, 1951, President Harry Truman's speech before a conference in San Francisco becomes the first television program to be broadcast from coast to coast. It was picked up by 87 stations in 47 cities.
- On Sept. 2, 1969, America's first automatic teller machine (ATM) makes its public debut, dispensing cash to customers at Chemical Bank in Rockville Center, New York.
- On Sept. 5, 1970, U.S. forces launch the last major American operation of the war in Vietnam when the 101st Airborne Division, in coordination with the South Vietnamese army, initiates Operation Jefferson Glenn in Thua Thien Province west of Hue.

Dear Heart of Jesus: In the past, I have asked many favors. This time, I ask you this very special one. Take it Dear Heart of Jesus and place it within your own broken heart, where your father sees it. Then, in your merciful eyes, it will become your favor, not mine.

Say this prayer for 3 days, promise publication and your favor will be granted no matter how impossible. Thank you also to the Divine Mercy.

## Did You Know?

When tending to their lawns, homeowners are advised to pay attention to areas that may feature standing water. According to the World Health Organization, standing water is a breeding ground for mosquitoes, which can breed in great numbers in pools of water. Mosquitoes are known to carry diseases like malaria, West Nile virus and Zika. Furthermore, mosquitoes that bite pets can transmit heartworms, a serious problem if gone it goes undiscovered. Standing water also can be a haven for bacteria, mold and parasites that are dangerous to human health. If

standing, stagnant water is a problem in your yard, remediation is necessary. Directing downspouts away from the house can remediate standing water. Changing the grading of soil so that low spots are elevated is another way to reduce instances of standing water. This may be a project that requires the assistance of a drainage professional. In addition, homeowners can remove standing water from empty flower pots, pool covers, bird baths, and more to reduce the likelihood that mosquitoes will appear on their properties

Carpet can add warmth and texture to a room and also provide a little bit of soundproofing. Underfoot, carpeting can be more comfortable than other types of flooring, even though it may require more upkeep. Carpet comes in various forms, but here are the main material components.

- Nylon: This is one of the most durable and stain-resistant carpet fibers available and a popular choice among many homeowners.
- Polyester: Carpeting can be made from polyester, which is fashioned to feel and look luxurious.
- Olefin: Olefin is made from polypropylene or polyethylene. It is prized for its strength, resistance to staining and colorfastness. It is often suited well to loop pile or high, dense cut piles.
- Wool: Wool is durable, albeit less resistant to soiling than some other materials. However, because it is an all-natural material, it is prized by people who want natural beauty.

**Busting a Cat's Biting Behavior**

**DEAR PAW'S CORNER:** Our male cat "Buster" is celebrating his third birthday. While he's a good kitty most of the time, he has these moments where he decides to "attack" and take a bite out of my arm or leg. He's not a cuddler, and when being petted he only permits me to pet a few times and then snips at me to signal that's enough. When he attacks, I've tried spraying him with a squirt bottle or distracting him with toys—which works for a few minutes. He is declawed, and I wonder if this is behind his behavior, but I'm not sure what else to do. Any suggestions? — *Martha L., via email*

**DEAR MARTHA:** I feel your frustration. Nipping and biting are generally dominance behaviors, and there are a few options for curbing them. If Buster has not been neutered, consider doing so as this can reduce aggression in male cats.

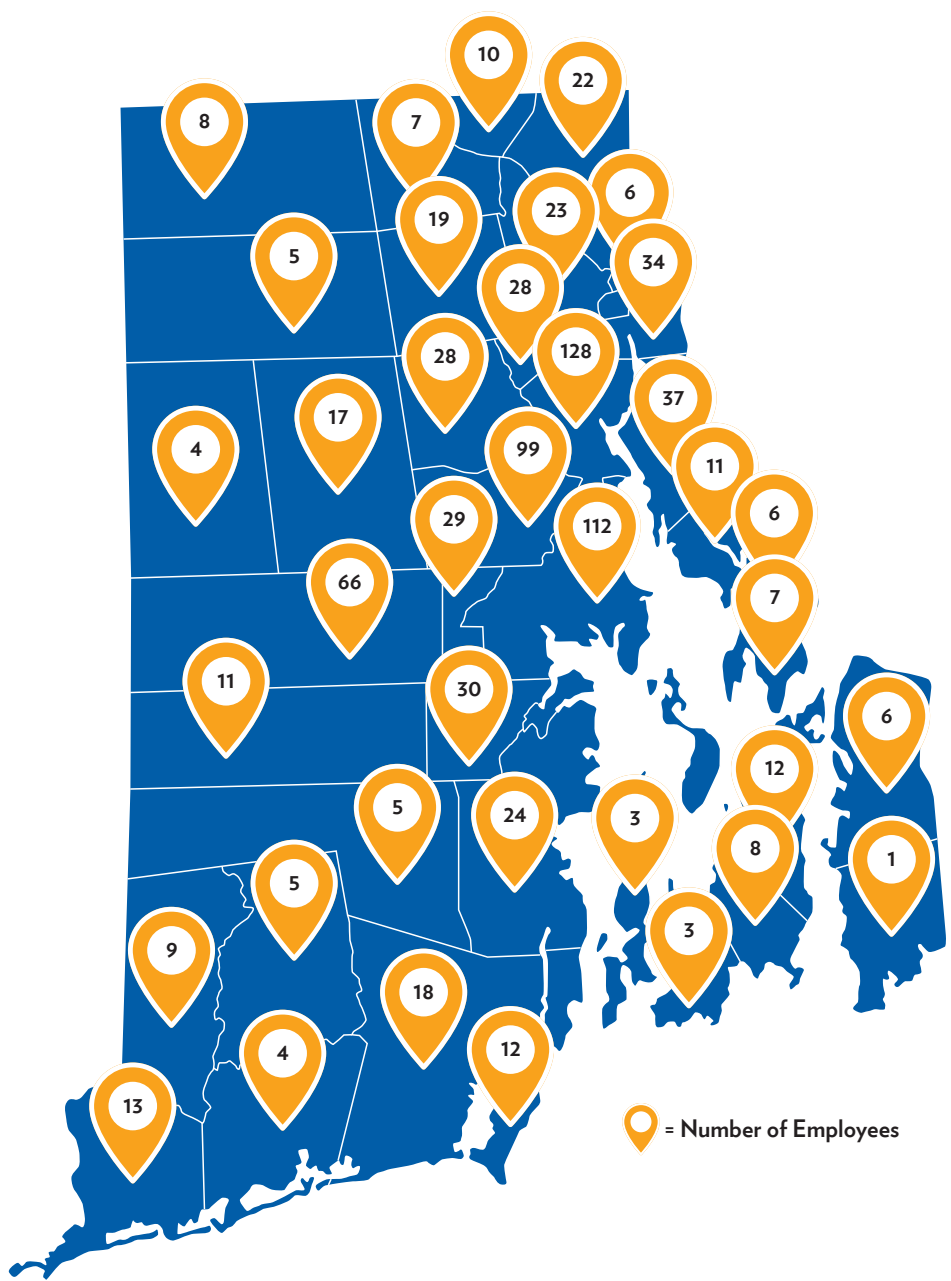

Make sure you're not inadvertently rewarding Buster for his behavior. If you sometimes give him a toy right after he attacks, he remembers that attacking you got him a toy he enjoys—so he'll do it again! Instead, hiss at him or use the squirt bottle. Give him a toy when he interacts less aggressively, such as meowing or tapping you with his paw.

Observe what he does after he nips or attacks. Does he sit, waiting for something? Does he meow and try to lead you somewhere, like his food bowl? Note the times of day that he exhibits these behaviors.

Again, don't reward dominance behaviors. Immediately hiss at nipping or biting. Reward calm behavior. It will take several tries, but create that pattern and Buster eventually will get it.

He knows that he has a true opportunity ~ and responsibility ~ to help people as a trusted source of CBD in our region.

The CBD Store is home to a broad range of high-quality CBD products, including Canamed®, a product that was formulated and branded especially for this store. These carefully tested, pharmaceutical-grade products come in the form of oils, salves, water solubles, capsules, face serums, creams, candy and pet treats.

For those unfamiliar with CBD, Michael explains that CBD is a natural, NON-psychoactive compound found in the flower of the cannabis plant. It is one of nature's most powerful remedies. It is safe, NON-addictive and completely legal.

Customers of every walk of life have seen life-altering results from using CBD-infused products. Many come to the store with a long list of questions and Michael will devote whatever amount of time is needed to address these questions. Though these questions are as

diverse and personal as the customers who ask them, they are united by a common thread: How can CBD give me the relief I so desperately need?

CBD is used to alleviate the effects of many of debilitating conditions including chronic pain, anxiety, depression, arthritis, fibromyalgia, migraines, PTSD, attention deficits and much more. CBD has found ongoing success mitigating the dangerous effects of inflammation. It is used to enhance brain function, memory, weight loss and endurance as well as to lower blood sugar and cholesterol levels.

If you are suffering from any of these ailments, come to The CBD Store. One satisfied customer writes: "Every time I visit The CBD Store, Mike is so helpful

and has always gone above and beyond. My husband had trouble sleeping for years along with joint pain, headaches etc. He started taking the CBD capsules with curcumin. He is now sleeping well ~ no headaches and no more joint pain... I take capsules for my anxiety and it's just enough to take the edge off. I appreciate the fact that they have all the certificates of authenticity and that its all pharmaceutical grade CBD. . . I don't have any worry about what I'm taking."

The CBD Store is found on 1845 Post Road in Warwick and is open daily. For more information, call Michael Lanoue at 401-360-7093 or visit them at www.cbdoofri.com. Find them on all social media platforms. No medical card is necessary.

## Bodey's hairstyle. My cancer. My nurse knew all about both.

"My nurse Kathleen knew a lot about me by the end of my treatment," said Jason Duffin, who was diagnosed with Stage 4 Lymphoma and treated at the South County Health Cancer Center. "She knew I loved playing pool and how my grandson Bodey styled his hair."

That's because our team gets to know each patient as an individual. When Jason was spending eight hours a day at our Cancer Center for chemotherapy treatment, Kathleen Hemphill, RN, and her fellow caregivers came to know Jason as a person, not a patient.

And for Jason, that made all the difference. Today, he has been cancer free for four years and is excited to see Bodey (and his hair) grow.

**WEST WARWICK ANGELS CARING FOR ANIMALS BINGO**  
 The West Warwick Angels Caring for Animals invite you to play Bingo on September 8 at 12PM (doors open at 11AM) at the West Warwick Senior Center, 145 Washington Street, West Warwick. Limited to the first 80 players. All proceeds benefit West Warwick Animals.

**ARIES** (March 21 to April 19) Be careful not to allow the backers of a new financial "deal" to pull the wool over the Lamb's eyes. It could hold fewer pluses and more negatives than you were first led to believe.

**TAURUS** (April 20 to May 20) It's a good idea to finish all incomplete tasks so that you can devote your attention to next week's projects. The weekend could hold surprises for romantic Fernandas and Ferdinands.

**GEMINI** (May 21 to June 20) A workplace suggestion you made a while ago that you might have forgotten could come back with a request to turn it from idea to reality. Your social life picks up considerably this weekend.

**CANCER** (June 21 to July 22) Someone from the past could return with an intriguing opportunity for a future project. Check into it, by all means. But don't neglect your current responsibilities in the meantime.

**LEO** (July 23 to August 22) Keeping your claws sheathed and using good humor instead to counter someone who's bad-mouthing the Big Cat isn't easy. But it's the best way to avoid more problems down the line.

**VIRGO** (August 23 to September 22) A workplace situation could improve if you're less critical and more supportive of those who are, after all, trying to do their best. Let them know you're there to help when necessary.

**LIBRA** (September 23 to October 22) A new job offer might not carry all the benefits you're seeking. Make sure you know what you're entitled to, what is off the table and what is negotiable before you make a decision.

**SCORPIO** (October 23 to November 21) A social obligation you would rather get out of could hold some surprisingly positive aspects. Why not go and see for yourself? A family member makes a curious request.

**SAGITTARIUS** (November 22 to December 21) Before tackling that new project awaiting you at home or on the job, take time out for some much-deserved pampering to help lift your spirits and restore your energy levels.

**CAPRICORN** (December 22 to January 19) Your social calendar begins to fill up more quickly than you expected. And that's great. You deserve to enjoy some good fun after so much time spent on serious matters.

**AQUARIUS** (January 20 to February 18) A domestic situation continues to improve, thanks to all the tender, loving concern you've shown. A colleague makes a questionable move that you might want to check out sooner rather than later.

**PISCES** (February 19 to March 20) A sudden turn in a romantic relationship calls for both a rational and passionate response. Keep the love level high, but also find out why the problem arose in the first place.

**BORN THIS WEEK:** You often set high standards for others. But to your credit, you set the same expectations for yourself.
